NEW YORK, May 20 .- The Herald's Wash ington dispatch says: The report of Gen. Wm. J. Smith and James Brady, E-q., of this city, Commissioners appo n . ed to investigate the civil and military administration of affairs in New Orleans, was made to the President and Cabinet on Wednesday of this week, and it is understood that one of the results of their statements is the removal of Gen. Canby is to be restricted to purely military of his troops surrendered to the Liberals. Maximatters, leaving civil affairs to the control of millian's native troops cannot be trusted.

The Times' special says all reports of the removal of Gen Banks are unfounced. One of the Herald's correspondents with Gen Wilson's cavalry command, writing from Macon, gives us very interesting sketches of the present condition of affairs in Georgia, civil, military, social and personal; all the people nearly wherever the National troops are stationed, profess to be good Unionists. They admit that they have been conquered and have no desire for a continquance of the war.

So great is the security and good order insti of the favorable change from rebel rule. There is a great scarcity of food throughout

bread riots have occurred. General Wilson has commenced issuing rations to the needy in various parts of the country. Several conferences regarding public matters took place at Macon between General Wilson and Governor Brown, and the latter, as our readers have already been informed, issued his proc lamation calling an extra session of the Legislafrom Washington.

the curious. The steamer Clyde has just dropped her anchor in the roads and there now seems no doubt but that Jeff. Davis must have been landed somewhere along the beach. No communication whatever is allowed with

Its Washington letter asserts positively that Jeff Davis will be tried before a civil tribunal and not by a military commission. The same letter says that Gens. Sheridan and

The Herald's Washington special says: Gov.
